3 October 1952

Chief, German Bureau
Chief, Austrian Bureau
Chief, FBIS

Visit of BBC Representative

1. A BBC proposal that the Head of its Reception Unit, Andre Belosselsky, visit the German and Austrian Bureaus to investigate the possibility of supplementing Caversham coverage of Eastern European broadcasts has been approved. It is expected that he will arrive for a brief stay late in October.

2. You are requested to give Mr. Belosselsky every assistance and to submit to this office a prompt report on his observations.

3. Your attention is called in this connection to security aspects of liaison with the BBC. In addition to the general provisions of FB Regulation 10-A, particular caution must be exercised to avoid revealing connections with covert components of the organization and against compromise of their security in any other way.
